NAVAL PARLEY DELEGATES IN PLEA FOR PEACE

'ROUND 'N' 'ROUND

If Dan Cupid doesn't quit meddling in this office we are going to throw a harpoon at him or whatever one throws at the little trouble maker to make him scot.

What with one of the staff trying to knock down a telephone post with his auto—excuse us—heap, and the other nearly putting our eyes out with his flashy ties, it's about time something was done.

Threats and good fatherly talks have failed to bring results. Suggestions as to the best treatment for these love-sick youths will be greatly appreciated.

Now Mac of the City Building Inspector's office blames us for the failure of his famous wind deflector idea. He claims that our pitiless publicity ridiculed the idea and that if we hadn't said a word it would have been a success. We won't say another word about it but if you should ask us—well, well—

You can always tell by the width of Dad's grin in the building inspector's office how business has been for the day. We've reached the stage where we can tell within a thousand dollars what the permits total by the size of the grin.

And that little map in the office of the health department tells an interesting story. No changes there for several weeks on contagious diseases. Maybe some of this publicity about this being the healthiest town on the coast is correct.

Whale! Whale! Mamma and baby whale are attracting quite a few of the curious these days. The mammals should cause some excitement when they go into the middle west where the largest body of water many persons have ever seen is no wider than the length of the mother whale.

It's about time to get out the garden spade and turn up the entire countryside and start feeding the birds with supplies from the seed stores. If all the flowers and vegetables were harvested in Richmond that are planted each year—there wouldn't be an annual famine in China.

And it's around that time of year to think of putting in a few chickens to keep down living expenses.

It's also a good time to start thinking about the acres of weeds that will be confronting us within a few months. A sharp hoe used at this time of the year will save hours of back-breaking work in a few months. It will also help in keeping down the fire hazard.

Having raved about love, spring and flowers we think it is about time to stoke up the furnace.

YESTERDAY IN CONGRESS

SENATE:
Continued debate on tariff bill. Continued lobby investigation. Radio hearings continued.

HOUSE:
Chairman Christopherson of judiciary committee introduced two bills to carry out prohibition reform programs of law enforcement commission.

House and Senate committee announced open hearings will be held on proposal to transfer prohibition enforcement from treasury to justice department.

Passed bill to increase from \$75,000,000 to \$125,000,000 federal appropriation for road construction during the next three years. Adopted bill creating joint congressional committee to draw up new army, navy, marine corps and coast guard pay schedule.

PRICE FIXING CHARGE TO BE AIRD

OAKLAND, Jan. 21.—(U.P.)—The city of Oakland officially launched its investigation into the alleged "paving ring" and the numerous charges attached to it yesterday.

Mayor John L. Davis, upon authorization of the city council, instructed city attorney Preston Higgins to conduct "a full and thorough investigation; to determine if paving prices are exorbitant, and if so, why."

Higgins announced that as a first step he will subpoena Commissioner E. K. Sturges and Dwight Hutchinson, and officials of a company in the alleged "closed combine."

Higgins stated that both would be questioned concerning the transaction in which Sturges accepted \$300 for passing on proceedings of the Fourteenth avenue paving contract.

Sturges has admitted accepting the payment, but contends that it was not in violation of the charter as charged.

Glenn O'Brien, head of the Central Paving Bureau, which is maintained by members of the alleged "ring," will be summoned by Higgins after he has taken the testimony of Sturges and Hutchinson, he said. O'Brien will be questioned concerning money paid to the bureau by paving contractors—two cents for each square foot of pavement laid, Higgins declared.

How this money is spent, and what is embraced by the "promotion" to which the expenditures are charged will be the object of Higgins' investigation.

Suit Threatened
James P. Koll, official of a taxpayers' league in the meantime is preparing to file suit demanding Sturges' removal from office. Koll is the signer of a letter which resulted in the council's action yesterday.

Koll alleges that Sturges' acceptance of a fee in paving proceedings, is in violation of a charter provision forbidding city officials to be "interested" in city contracts.

Koll announced that in furtherance of his move, he will demand that City Auditor Harry G. Williams withhold Sturges' pay as a commissioner.

New Charges Made
New charges were being made against the "closed combine" of paving contractors while the first direct action in the long suppressed "scandal" was being ordered.

Maurice D. Diggs, architect and engineer, claimed that by means of an agreement between him and the contractors, he had secured a contract to build a road which would cost \$250 a ton.

According to Diggs, gravel is the logical material for pavements and can be bought for 35 cents a ton.

The engineer declared that members of the rock ring sell rock from their quarries to private contractors for as little as \$1.05 a ton. This, Diggs declared, is the same rock which, under city contracts, costs taxpayers \$2.50 a ton.

Prisoner Gets License To Wed

MARTINEZ, Jan. 21.—Freed from the county jail yesterday long enough to apply for a marriage license, Leandro Guerra, 29, of Oakland, will be released Thursday, and will immediately be married to Miss Ruth Hayes of Oakland.

Guerra was arrested in Richmond on a varnancy charge some time ago, and was sentenced to serve six months in the county jail.

The couple applied for the license yesterday timing their application so the license would be usable on Thursday, when Guerra's sentence is finished.

CARQUEZ ARRIVALS

Among the guests who registered at the Hotel Carqueze yesterday were: H. S. Lawrence of Long Beach; O. J. Peck, Los Angeles; E. J. Thornton, A. E. Raze, Seattle; William H. Cook, San Francisco; T. L. Perkins, San Bernardino; H. S. Hall, Los Angeles and J. W. Cord, Los Angeles.

SALT WATER BARRIER AID DEPENDS ON U.S. SURVEY

MARTINEZ, Jan. 21.—The results of a study being made on the salt water barrier proposed for upper San Francisco bay, by a joint federal and state commission, will determine whether or not federal aid will be available for the proposition. Secretary Ray Lyman Wilbur said here today.

"There will always be money spent for the control of navigation or floods on the Sacramento river," he declared, "but if a dam has to be built, the matter will have to be approached in a different way."

The salt water barrier problem, although not the matter which called the secretary west, will be one of several matters to be taken up by him during his week stay in California.

Dr. Wilbur was called to California by the critical situation created in the Kettleman Hills oil fields by the bringing in of the Felix No. 1 well.

The secretary, anticipating this crisis, hurried across the continent to take up with conservation experts the steps to be taken to save "California's industrial future from going up in gas."

In an address at the Commercial club in San Francisco yesterday, C. W. Scheller, president of the Salt Water Barrier association, stated that only one major industry has been established in the upper bay district of San Francisco in recent years. Scheller declared that no more industries will come unless an abundance of cheap fresh water is assured.

"Some industries now here," he added, "may be forced to move away if the salt water continues to crawl up the bay. Extensive investigations have been made during the last seven years with a view of piping water from the mountains or elsewhere. We have found that the best and cheapest method is to build a dam to keep salt water from flowing up into the delta country."

"Not only are factories suffering for lack of fresh water, but the delta country, richest farming region in the state, is decreasing in value because salt water is yearly setting further up into the district from the ocean."

STORM BLAMED IN DEATH OF 16

GLENDAL, Jan. 21.—UP—A board of veteran T. A. T. Madoux pilots tonight made its report on the crash which cost 16 lives near San Clemente Sunday and held that no advance weather reports had warned of the storm which is believed was responsible for the tragedy.

Summarizing its report, the board said: "The board is of the opinion that Pilot Basil Russell encountered a local weather condition of unpredicted and unforeseen characteristics. In attempting to fly underneath he found it impossible in attempting to turn back crashed."

Wire Stolen At Hercules

MARTINEZ, Jan. 21.—Theft of 200 pounds of copper wire from the telephone poles near the Hercules Power company 10 days ago, was reported to Deputy Sheriff Frank Wilson by Ralph Robinson, yesterday.

Sunday night, reported Robinson, more wire was cut and taken from the main line at the plant exchange.

Horner To Be Vallejo Speaker

Clare D. Horner, Richmond attorney is scheduled to be the speaker at the fifteenth annual anniversary celebration of the foundation of the Kiwanis International today at Casa de Vallejo in Vallejo. Horner will speak on "Cooperation."

An address on "Kiwanis History" will be delivered by Dr. W. T. Frank and Isadora Meyer will speak on "Kiwanis Anniversary."

2 KILLED, 20 HURT IN WRECK

SACRAMENTO, Jan. 21.—UP—A push car of a work-train was derailed near here tonight killing two men. Two more were said to be dying and 16 or 18 others were injured.

The victims were Mexicans. One was identified as Martin Gomez, 24, of Sacramento. The name of the other was unknown.

Shortly before midnight three high officials of the Southern Pacific, the railroad line employing the laborers, went to Ben All crossing six miles from here to determine cause of the accident.

They were T. A. Harn, general manager of the Northern division, H. A. Hack and A. Stillman executives of the Sacramento division.

The car on which the men were riding was being pushed by a motor car. It jumped the tracks and plunged down an embankment. The injured were brought to the Southern Pacific hospital here.

SAILORS HELD IN CLUB DEATH

VALLEJO, Jan. 21.—Arrested a few minutes after the body of A. J. Haskins, 78, a Civil War veteran, was found in his cottage, two young sailors admitted today that they had been in the man's cabin during the night. Chief of Police, W. T. Stanford announced. The two will be charged with murder tomorrow, Stanford said.

The sailors are W. M. Burke, 19, and H. R. Lane, 21, both third class firemen on the Pacific destroyer fleet flagship Procyon. They are also being questioned in connection with an assault upon Joseph Lavaroni, a neighbor of Haskins, who lived in the rear of 614 Sacramento street.

Burke and Lane were arrested near the scene of the murder. Their hands were covered with blood, police say. A purse containing \$16 and identified as one belonging to the victim was found in possession of one of the suspects.

At first they declared they were fighting. A small gun is said to have been found on Burke and Lane some money and a tin bank were concealed in his house. They would not admit the killing, Chief Stanford said.

Ledgerwood Suit Started

MARTINEZ, Jan. 21.—Trial of the damage suit of Mrs. Olivia M. Ledgerwood of Richmond against her son Albert M. Ledgerwood opened before Superior Judge A. B. McKenzie here today. Mrs. Ledgerwood, who seeks damages amounting to \$11,000 for injuries sustained in an automobile accident a year ago, charges her son, who was driving with negligence, according to the complaint.

Christian Church Brotherhood Hears Address By Pastor

Rev. Galen Lee Rose pastor of the Fruitvale Christian church was the speaker at the session of the Men's Brotherhood of the First Christian church last night. "Thinking Straight" was the subject of Rev. Rose's talk.

The program presented during the evening included selections by a trio composed of Walter Moore, Clare Thomas, and Clarence Brown, accompanied by Mrs. C. C. Thomas; solo by Rev. Mrs. Bennett, assisted by Mrs. Bennett and a solo by Mrs. Bennett.

Invocation was by Aubrey Wilson and benediction was by Rev. Bennett. The dinner was prepared by Mrs. L. E. Jones, assisted by a large committee and was served by Mrs. L. A. Widner and her assistants.

W. A. Brown presided over the meeting.

Town Periled By Flood On All Sides

650 REFUSE TO LEAVE HOMES

VINCENNES, Ind. Jan. 21.—UP—The little town of Griffin, wiped from the map by a tornado five years ago faced an even worse fate tonight when flood waters threatened to engulf it from all sides.

Water surrounded the village for miles, higher than house tops on one side and held back only by the Illinois Central Railroad levee, which threatened to give way under the strain.

The population of 650 persons, driven once from their homes by the tornado, only to return refused to depart in the face of the flood.

Water engineers warned that sudden release of an ice jam near Hyatt's Landing would wreak untold havoc along the banks below, plans to blast away the obstruction were abandoned.

Water backing up behind the gorge spread slowly, but was not doing as much damage as would the tremendous block of ice if it should be sent slithering down the river to ruin bridges and devastate towns along the way. The engineers said they hoped the jam would release itself slowly.

NEW COLD WAVE CRACKS OVER EAST

CHICAGO, Jan. 21.—UP—With the cold cruelty of a bandit chieftain, winter hurried its forces to the Midwest tonight from two widely separated fronts.

Howling blizzards brewed in the Rocky mountains and surged eastward, leaving snowdrifts in their paths over Colorado, Nebraska, Iowa and Illinois. Another bitter cold wave crackled down meanwhile from the Canadian north under the momentum of an icy gale.

The cold wave, bringing with it sub-zero temperatures, and the blizzard, ready to dump great loads of snow upon a vast area almost snowbound already, were expected to clash before morning in one tremendous display of wintry weather.

C. A. Donnel, government weather forecaster, predicted that temperatures of five degrees below zero would be recorded here during the night.

ELKS PLAN S. O. NIGHT TUESDAY

"Standard Oil Night" will be held by the Richmond lodge of Elks Tuesday night at the club-rooms, it was planned last night at a business meeting of the lodge. Burns, Clarence Andrews and Charles Brunner.

Girl Hiccoughs For 21 Days, Old Remedy Brings Cure

BERKELEY, Jan. 21.—UP—Cured after three weeks of constant hiccoughs, Miss Olive Nichols, 21, of Berkeley, is believed by physicians to be the first patient on record to survive a similar ordeal.

Miss Nichols hiccoughed at intervals of one minute or more since the Christmas holidays going for days and nights without sleep. Finally when the usual remedies failed, Dr. Robert Hector, Berkeley physician, tried Valerian an old remedy.

The obnoxious smelling medicine calmed the muscles of the throat and stomach, and yesterday the girl was pronounced as cured.

DRYS WIN IN CONGRESS

WASHINGTON, Jan. 21.—UP—The Hoover-Wickersham liquor law enforcement program won its first victory in Congress today. A House judiciary committee decided after hearing Chairman G. W. Wickersham of the law enforcement committee to sponsor two bills to carry out one of the most important features of the program.

One bill would permit U. S. court commissioners to hear and decide minor prohibition cases instead of a jury. Constitutionalists of such a measure has been doubted by many leaders.

The other proposal is to amend the Jones-Stalker "five and ten" prohibition felony law to classify many offenses as "misdemeanors" and to make them punishable by a fine of not more than \$500 and a sentence of not more than six months in jail without hard labor.

SUCCESS OF BOULDER DAM MEET SEEN

RENO, Nev. Jan. 21.—UP—One of the greatest economic questions of the west will be offered for solution when delegates of Arizona, California and Nevada gather around a breakfast table here Wednesday morning.

Scheduled to open Monday, the conference to determine allocation of power and water from the proposed Boulder Dam has been delayed by the lateness of William J. Donovan, representative of Secretary of Interior Ray Lyman Wilbur, in arriving.

Donovan is due here Wednesday morning and the delegates decided they would assemble with him at breakfast. Also present will be the official observers from the "Upper Basin" states, Colorado, New Mexico, Wyoming and Utah.

Delegates Cheerful
Although the Boulder Dam project has furnished years of conflict, principally in the views of Arizona against those of California, there was an apparent (Continued on Page 8)

WEALTHY MAN DIES IN POOL

PALO ALTO, Jan. 21.—UP—Griffin Y. McClatchie, 64, wealthy automobile dealer was found dead in a fish pond in the rear of his home at 1 a. m. by his wife who started a search when she became alarmed by his continued absence.

McClatchie is believed to have fallen into the pool while cutting the grass in the yard. A large bruise was found on the dead man's head, indicating that he had slipped and struck his head on the concrete rim of the pool.

Third Warrant For Broker

SAN FRANCISCO, Jan. 21.—UP—Sworn to by George W. Searle, 717 Clay street, Oakland, a third warrant was issued today for the arrest of E. J. Krause, stockbroker.

Searle claims that Krause failed to account for shares of stock valued at \$905 entrusted to him last March.

Two other complaints against Krause are still pending in court.

CONFERENCE TO REOPEN THURSDAY

LONDON, Jan. 21.—(U.P.)—Delegates of the five principal naval powers went on record for peace and limited armaments today while around them swirled a fog as dense as the international suspicions they would remove.

The 1930 naval conference, suggested by President Hoover, sponsored by Great Britain and joined by Japan, France and Italy opened in the royal gallery of the House of Lords with British admiral king, George the Fifth, setting the keynote for the world to hear by radio.

"I earnestly trust that the result of this conference will lead to an immediate alleviation of the heavy burden of armaments now weighing upon the peoples of the world," he said into a silver and gold microphone and also by facilitating the future work of the League of Nations preparatory commission on disarmament, hasten the time when a general disarmament conference can deal with this problem in a more comprehensive manner."

Asks Told
One after another the chief delegates of the invited powers voiced their countries' aspirations while the fog crept into the great hall and made the 700 favored spectators shiver.

As a result of the statements, the general objectives of the conference (Continued on Page 8)

RICKS CLEARED OF CHARGES

SACRAMENTO, Jan. 21.—C. A. "Cappy" Ricks, Martinez realtor, was today cleared of charges pending against him of unethical conduct in real estate deals following a special rehearing of his case yesterday by Fred Athern, state corporation commissioner.

The exoneration brings to an end a controversy which has raged in the state real estate circles for more than a year. Ricks was denied a 1929 license by Stephen Barnson, state real estate commissioner because of alleged irregularities in his dealings.

Following a long dispute between Ricks and Barnson in which Barnson refused to reopen the case Ricks appealed to the state administration for a rehearing.

This was granted and Athern was appointed special hearing officer.

Athern declared today that there is "90 percent hearsay in the transcript on the basis of which Ricks was denied a license. I don't believe there is enough evidence in this transcript to deny Ricks a license and I am therefore reversing the original decision."

Ricks was represented at the hearing by a battery of attorneys, including W. J. Bray, Tom Hanna, Ralph White of Martinez and B. E. Witkin and Henry Robinson of San Francisco.

Although Barnson has final approval of Athern's decision. It is said that he will approve the findings.

'Missing' Girl Found In Garage

SAN FRANCISCO, Jan. 21.—(U.P.)—While police and neighbors searched for her last night, Evelyn Holland, 14, of 67 Holland avenue slumbered peacefully in the family garage.

The girl declared she had returned home late and discovered that she had forgotten her key. She said she decided that she had better spend the night in the garage.

Mrs. Emma Holland, the girl's mother, became alarmed at the absence of the girl, and called police. The search was then started.

'RIO RITA' WILL END RUN HERE TONIGHT

Bebe Daniels and John Boles sing their famous love duet for the last time tonight from the screen of the Fox-California theater.

"Rio Rita" the all talking, all-musical Radio Pictures' extravaganza, closes with its last performance this evening.

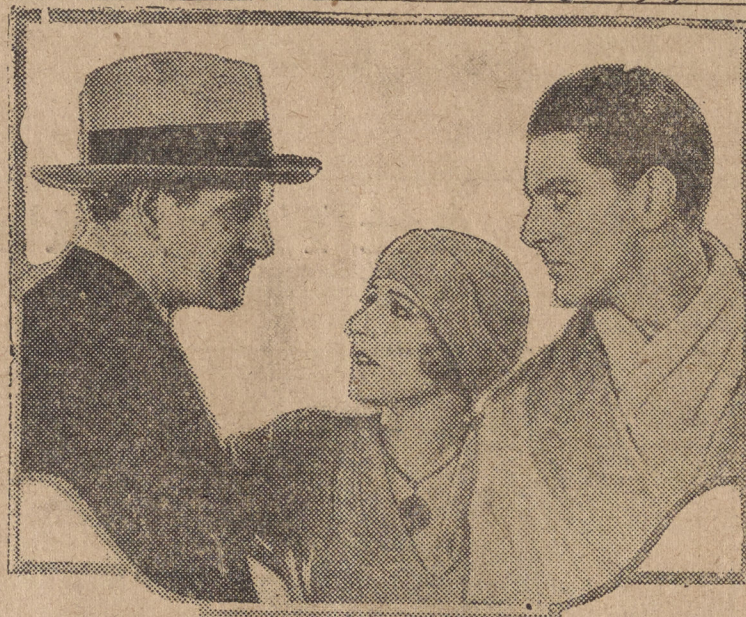

The film version of the Ziegfeld stage hit has had an eminently successful stay at the Fox-California. The first talker to draw successive "repeats" among local film fans the tuneful romance of the Rio Grande country has been declared the most sumptuous spectacle screened here.

With many of its scenes in technicolor, with sets and costumes and a cast of hundreds, the Radio Pictures' version of "Rio Rita" may be truly said to have "out-glorified" even Ziegfeld himself.

Bert Wheeler, Robert Woolsey, Dortha Lee, Don Alvarado, Eva Rosita and Georges Renavent head the large supporting cast which Luther Reed directed.

The score, with several new numbers in addition to the original music of the stage production, was written by Harry Tierney, composer of "Kid Boots" "Irene" and other musical comedy successes.

ROBERT ELLIS, Aileen Pringle and Hugh Trevor in a scene from "Night Parade" which is coming to the Fox-California theater tomorrow.

'NIGHT PARADE' SURGING DRAMA

How Broadway reveals after dark is seen and heard in Radio Pictures' all talking "Night Parade" one of the year's outstanding dramatic achievements coming tomorrow to the Fox-California theater.

Plotting thrills, romance, all blend to make "Night Parade" an attraction that is winning the plaudits of critics and fans the country over.

As a background for the story in which Hugh Trevor, Dorothy Gulliver, Aileen Pringle, Lloyd Ingraham, Lee Shumway, Robert Ellis and others have the outstanding roles is a fast moving panorama of life as it is lived along the great White Way.

The theme has to do with a young boxing champion who is not only the idol of the world but the object of devotion on the part of his father and foster sister.

A plot is hatched in the labyrinth of Manhattan night life which seriously threatens the love and honor and standing of Bobby Murray played by Hugh Trevor. How it works out forms tremendous drama.

"Night Parade" is taken from the stage play written by George Abbott, Edward Paramore and Hyatt Darr. In the Radio Pictures production the stage play is augmented with action and many big settings that would not be possible in the narrow confines of the stage.

The set designed and built under the supervision of Max Reed, RKO art supervisor, as the "web" in which Trevor is trapped, is an example of the newest trends in studio settings, being modernistic to the nth degree.

A vocal trio, including Clare Thomas, Walter Moore and Clarence Brown, accompanied by Mrs. Claire Thomas, sang at the program.

A short business meeting was also held, over which George Degnan presided.

Cold Weather For Bay Area

SAN FRANCISCO, Jan. 21.—UP.—Frost will be substituted for rain in the San Francisco bay region for the next few days at least, according to forecast of the United States Weather Bureau tonight.

Snow, which has caused much damage the past week in northern California, is at least temporarily over, although freezing water will become even more intense the report indicated.

Storms further north may break at any time, the report said, but this region will be free of any more unfavorable weather. Snow measured 64 inches deep in some localities, but the present cold will prevent any danger of floods.

School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking nujol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping."

Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling because it is so pure and harmless, and works so easily. Every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine.

OIL LAUDED BY RECORD FLIER

PORTLAND, Ore., Jan. 21.—Tex Rankin, internationally famous distance and stunt flier has been the recipient of congratulations from all parts of the American continent for his new world's record for outside loops made here recently. In a statement just made Rankin ascribes much of his success in the record-breaking "loop carnival" to the motor oil which lubricated his plane.

"The engine speed was 2800 R. P. M. at the bottom of the dives," said Rankin, "but due to the perfect lubrication the engine suffered no ill effects under this unusual strain."

The ship was a Cirrus-powered Great Lakes plane of the same type used in his Canada to Mexico non-stop flight last August when he established a new economy record of 18 1-3 miles per gallon with Richfield gasoline. The oil used the flier disclosed, was Richlube, the same product used in the Canada to Mexico hop.

In making 19 perfect outside loops officially credited by members of the National Aeronautic association, Rankin bettered the old record by six loops, it was announced.

TAKES THIEF TO CRIPPLE THIEF

PARIS.—An auto accident had a curious sequel here. A limousine was being driven along one of the boulevards by Felix Mongcorger, 28, when he knocked down a pedestrian, who was rushed off to a hospital.

The police took the driver to jail and when they made inquiries found that his auto was one which had been reported stolen only a few hours previously, and the police allege it was Mongcorger who stole it. Then a police officer was sent to take a statement from the victim of the accident. The medics declared the man's condition was grave, but he himself claimed he was not hurt at all. This made the policeman suspicious and when he inquired into the man's past found he was actually sought as an escaped criminal.

If the man in the hospital recovers, he will be taken along to join in jail the driver who knocked him down.

Presbyterians Oust Editor Of Weekly

PRINCETON, N. J., Jan. 21.—(U.P.)—Presbyterian fundamentalists intend to wage a militant fight to awaken the younger generation to the truths of the Bible, Dr. Samuel G. Craig told the United Press today in explaining what he termed his "dismissal" as editor of "The Presbyterian."

Directors of the publication, a weekly issued at Philadelphia by the Presbyterian church, requested Dr. Craig's resignation because his fundamentalist views had led to frequent clashes between him and other leading churchmen.

Dr. Craig today promised a final fight with modernists in behalf of those in the Presbyterian church who, like himself, believe in the literal truths of the Bible. "In my judgment, the fundamental reason for the widespread defection from Christianity is that men have been led to believe that Christianity is not true. The task of convincing the present age that it has been over-hasty in so concluding therefore, may not be shirked."

"In my judgment, there is an immediate need of establishing a new organ to take the place and more than take the place of 'The Presbyterian.' An organ of expression is more or less a necessity for the militant conservatives if they are to carry on. I have already received numerous indications that this feeling is true."

The request by the board of directors that Dr. Craig resign followed a long controversy in the Presbyterian church between the fundamentalists or militant conservatives and modernists, or liberal conservatives as they are called.

\$7,000,000,000 TO BE SPENT FOR PUBLIC WORKS IN 1930

WASHINGTON, Jan. 21.—(U.P.)—Expenditures for construction and maintenance of public works, and for public utility extension programs, will reach the record figure of \$7,000,000,000 in 1930, Secretary of Commerce Robert P. Lamont estimated today.

This estimate which is based on statistics compiled by the new construction division of the commerce department, does not take into account residences, industrial structures and private operations, which last year totaled more than \$8,000,000,000.

Lamont said governors of 26 states have responded to President Hoover's request for detailed data on public works construction to be undertaken during the year. These states alone will spend \$1,778,742,901.

Huge Amount
Combined with conservative estimates based on partial returns from the remaining states, and sums to be spent in federal government construction, total expenditures for public works this year should amount to \$3,325,000,000, Lamont said.

Approximately \$3,250,000,000 will be put out during the year by public utilities, railroads and telegraph companies for plant and equipment improvement.

Proposed expenditures for both types of construction are in excess of all previous records for times of peace, according to John M. Gries, chief of the construction division.

Industry Expands
In connection with public utilities construction, Gries pointed out that large amounts also will be spent by this industry for the maintenance of existing plants and equipment. He estimates this sum at \$410,000,000 for the electric, gas and street railway companies alone.

FAMOUS OPERA STAR LAUDS TALKIES

NEW YORK, Jan. 21.—UP.—Grand opera was pronounced "slow, old-fashioned-out of the spirit of the times" by one of its greatest stars when Amelia Galli-Curci told some of her reasons for terminating her contract with the Metropolitan Opera house and abandoning the hoary institution to its fate.

"I think a good, snappy show is more enjoyable and a more reasonable way for people to amuse themselves in 1930," said Mme. Galli-Curci. "Grand opera belongs to another age. It will survive. The Metropolitan will function successfully for many years to come. But grand opera is slow, pompous and belonging to another era. You might as well admit it. Grand opera is being carried along by its inertia. It has lost its living interest."

Mme. Galli-Curci took the side of the tired businessman who is being marshaled to opera by his grand opera—from an artistic viewpoint—had ever occupied first rank.

Old Songs
Mme. Galli-Curci wouldn't let you out so easily from refusing to attend a song recital which is the field in which she has won her greatest triumphs. A good voice and a good song she insists—as many a curstone tenor has argued before her—are more than all the grand operas paired together.

A good old song well sung—that is art, with a big "A," Galli-Curci considers. "Home, Sweet Home" for instance, a good, old song. She thinks "Swanee River," the most beautiful folk song ever written.

Lands Talkie
"It's this way," she said. "On this evening, the tenor has a cold in his head. On that evening the soprano has had trouble with her husband, and so with one thing and another, a perfect performance on the stage of an entire opera is almost impossible. Talking pictures will eventually produce the only perfect operas because they can be repeated in recording until every part is satisfactory."

"Concerts," she said of the specialty in which she has become world-famous, "are to grand opera as Rembrandt's Raphaels and Titians are to ordinary canvases. The opera has never ranked as high as all that."

SAN FRANCISCO, Jan. 21.—UP.—On orders of the public health service, five parrots that arrived here on the freighter West Isis from South America were not permitted to be delivered today as a precaution against psittocosis or "parrot fever."

"MORE RAIN" SAYS PADRE

SANTA CLARA, Jan. 21.—UP.—Padre of the Rains, Father Jerome S. Richard was to busy today to comment on his debut as an octogenarian.

Father Richard spent 15 hours of his 80th birthday in his laboratory, preparing his February weather forecast.

The internationally prominent prophet arose at 5:30 a. m. and said mass. Then he began peering through his telescope at sun spots, studying temperatures and other recourses.

"I'm much too busy with my February forecast to bother about anything else," he said. "You can say there is going to be enough rain in California next month to satisfy everybody."

Renewal Of Russ China War Seen

CAMBRIDGE, Mass., Jan. 21.—UP.—Renewal of the recent border warfare between troops of China and Soviet Russia unless the two countries settle the Chinese Eastern railway problem more satisfactorily was predicted here tonight by Dr. C. C. Wu, Chinese minister to the United States.

In an address under auspices of the Massachusetts League of Women Voters, Dr. Wu declared his belief that although a protocol had been signed the border troubles had by no means ceased.

Federal Store Head On Visit To New York

In the interests of the Federal Outfitting company of this city, the president and founder of the company, A. J. Shragge, is now enroute to New York. Shragge makes this trip frequently as a matter of business. But this January he is combining business with a short vacation. Accompanied by Mrs. Shragge and two of his four children, he sailed on the S. S. Virginia from San Francisco at noon Saturday, and will make the entire trip to New York by water. The party goes thru the Canal and makes a stay of several days in Havana.

The two Shragge children making the trip with their parents are twins, Misses Elyse and Felice are the oldest of the four Shragge children. The youngsters, Betty and Harmon, remain in San Francisco during the several weeks absence of the others of the family. Shragge will make his headquarters at the New York office of the Federal Outfitting company, which he has in the short space of nine years expanded from a single store in California to a chain of 19 stores in California and one in Nevada. He will concentrate especially this trip on men's clothing, as the suits and overcoats sold in vast quantities by these credit clothing houses are labeled "Shragge Quality," and all are personally supervised in the selection and exact tailoring by of going to theaters for a show-the man whose name they bear Dewey says.

These bridges will shut off the sun from the groundings beneath a stunted, dwarfed race which will go about the necessary work of New York tunnels. Dr. Dewey says society will be completely revolutionized by the sky-scraper.

The aristocrats will develop their own religion and culture, based on solar worship and animated by their proximity to the sun. The groundings will have theology related to man's early concept of Hades.

Sex will have lost its mystery because of the all-revealing eye of the television. The theater and printing will have declined for the same reason. Even the under-dwellers can see and hear what their neighbors are doing, through television, and will have no need of going to theaters for a show-the man whose name they bear Dewey says.

New Race For New York Seen In Year 1980

NEW YORK, Jan. 21.—UP.—Two distinct races—aristocrats and groundings—will dwell in New York one above the other, 50 years hence in the belief of Dr. John Dewey, eminent philosopher of Columbia university.

Dewey's opinion will be stated Monday in the first of 12 copy-right articles on "New York in 1980" to be published by the New York Telegram.

The aristocrats, a tall Nordic type, he says, will live 40 stories and higher above the ground, and will never descend to the street. They will travel in motor cars along bridges between their towers.

BEARS TANGLE WITH SAINTS TONIGHT

BERKELEY, Jan. 21.—University of California and St. Mary's basketball teams meet tomorrow night at Oakland auditorium with the issue of the contest considerably more in doubt than it might have been a few days ago.

Bear slumped over the week-end when California lost 26 to 23 to U. C. L. A., quotation on the Moraga variety ascended to a new high when the Saints trampled College of the Pacific 41 to 29 after losing an early game to the Stockton five.

The Saints were rated as easy victims for the Bears last week; the Californians given a slight edge over U. C. L. A. were figured to take the Saints into camp without much of a struggle, at the same time preparing themselves to meet Stanford next week-end. But the picture has shifted considerably, and it looks to the Golden Bears like a large week on the basketball court.

Complete Reversal

As a matter of fact the Saints shared in the general week-end upset in California basketball. For they showed a complete reversal to form to win from the Pacific cagers. Their win coupled with the Bears' loss puts the two teams on an even basis for Wednesday night's meeting.

The California five in the first half of Saturday night's encounter with the Bruins, looked like the great 1929 team that took the conference championship. At the half they led 22 to 11. But the second half told the story, and the Bears cracked under the force of a brilliant U. C. L. A. attack.

Find For Saints

Out at Moraga Coach "Dutch" Conlon has developed a "find" in the person of Butch Simas, of football fame who flashed through the Pacific defense Saturday night to find the basket ten times from the floor and twice from the foul line to record 22 points for his evening's labors. Baird, a sophomore halfback during football season, is high scorer for the season so far, and is looked upon as the chief threat of the Saints' offense. He is regular center. The rest of the Saint lineup is made up of football players who have turned out for the spring sport: Cant. Cal Pitchford, the standing guard; Harry Ehling, a stellar end turned forward and Tobv Hunt, the other guard.

After the second half rout of the Golden Bears by the Uclans it is difficult to forecast just what combination Coach C. M. "Nibs" Price will put on the floor against the Moragans. The Bears' starting lineup—Tripp and Pursel, forwards; Can. Ten Eyck, center; Davis and Vendt, guards—seemed to have the Bruins' number.

The undefeated California freshmen and the crack St. Mary's yearlings will meet in the preliminary Wednesday evening at 7 o'clock. The main game starts at 8 o'clock. The probable varsity lineups:

Pursel, f. Tripp, f. Ten Eyck, c. e. Vendt, g. Davis, g. Simas, f. Ehling, f. Baird, c. Hunt, g. Pitchford, c. g.

Officials: Herb Dana, referee; Tom Fitzpatrick, umpire.

CARNERA WILL SHOW WARES FRIDAY

NEW YORK, Jan. 21.—UP—The question of whether Primo Carnera is a man-eating gladiator or an overgrown prima donna should be answered Friday night when the 285 pound Italian heavy weight makes his American ring debut.

For Primo's first opponent they have chosen, after due consideration for all the factors involved, Big Boy Peterson, a nondescript heavyweight of approximately 200 pounds in weight.

It was necessary to choose carefully the man to meet Carnera, since the opponent might leap the top rope and flee in a panic at first sight of the Italian giant.

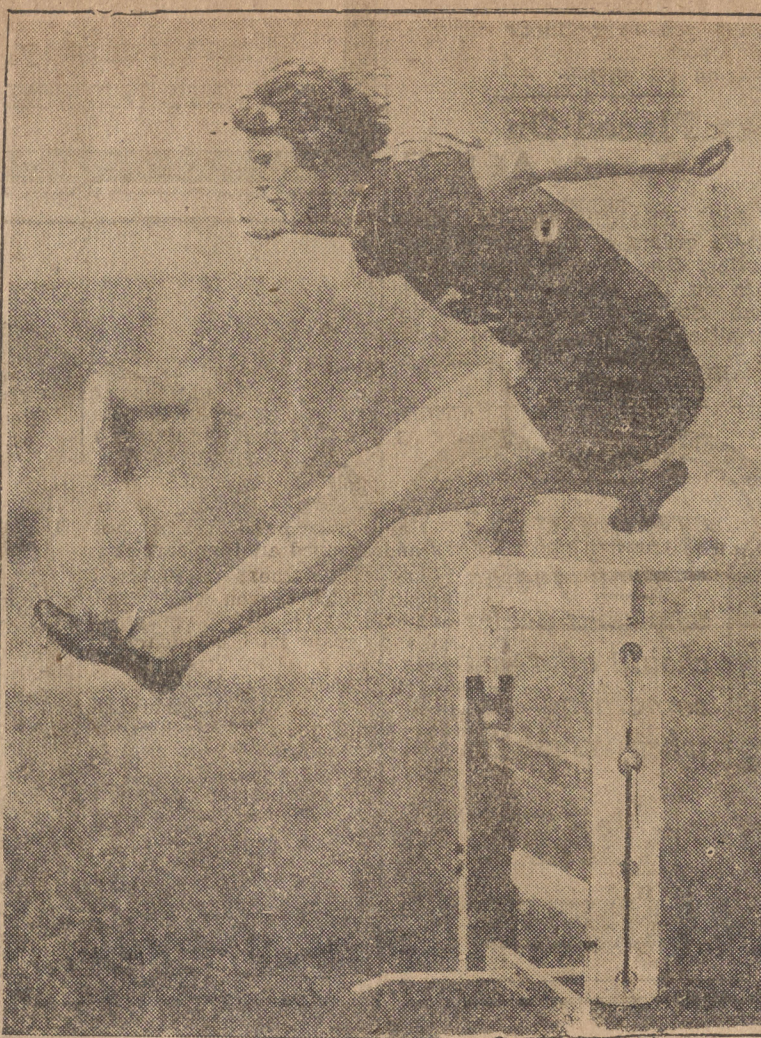

American ring fans, who have enjoyed the antics of the good-natured young giant during his training and occasional public appearances will look at Primo with more critical eyes Friday night. They have a line on him from Young Stribling of Georgia, who twice sent Carnera to the canvas during two bouts abroad. Each of which ended in a foul.

Ringside fans will be nervous for another reason Friday night. At least that portion of them who take seriously the ballyhoo about Carnera running amok when excited. It was after the Stribling fight in Paris that Primo appeared to lose his head and smacked

Oakland Beats S. F. In Hockey Game

OAKLAND, Jan. 21.—UP—Completely outplaying their opponents from the start, Oakland defeated San Francisco, 5 to 1, in an ice hockey contest of the California league here tonight. The Oaks made two in the first period, one in the second and two more in the third period. The only point for San Francisco was by Kwasmir in the second period.

St. Louis Grid Team Will Meet Gray Fog Here

SAN FRANCISCO, Jan. 21.—UP—One eastern football team that the west will play host to in the 1930 season will be from St. Louis University, which will meet the Gray Fog gridlers of St. Ignace Oct. 19 at Kezar Stadium, San Francisco.

Coach James Needles will take his team east for a return game the following year, 1931, he said today.

CAGE CONTESTS HERE MONDAY

In spite of the large number of special basketball attractions occurring in Richmond during the next two weeks, a large crowd is expected to witness the final games of the City League cage season Monday night. At that time, instead of Thursday night as previously scheduled, the members of Garfinkle's squad, titlists of the A division, and Mammy's Place, winner of the B division, will be presented gold basketballs by William Stribley, donator of these awards.

The Studebakers will clash with Garfinkle's Monday night at 8 o'clock. Mammy's Place will meet the Civic Center Tires of the B division at 7 o'clock. Although not affecting the outcome of the league in any way, these three games ought to finish the league season off in good style.

The league cup will be presented Jan. 30, when the champions of each division tangle for the league title. As preliminaries on this card—both a boys and a girls' team from Oleum will meet other outside teams not yet chosen.

Berkeley Club Now Fifth In Woman's Series

Berkeley Country club, although it did not compete in the last Women's interclub golf series, dropped from third to fifth place. The leaders are now the Olympiennes, the Californians and the Crystal Springs golf teams.

Matches are played at each club links each month, and the hostess club does not play. It is expected the Berkeley team will be back up the ladder after the next tournament.

Mrs. Hazel McCracken and Mrs. Fred LaMoine of Richmond, are both members of the Berkeley Country club team.

PAINFUL CORNS Loosen—Lift Out

A little known Japanese herb, the discovery of an eminent German scientist (Dr. Stickle) instantly soothes the corn, callous or wart, then loosens it so that shortly you can lift it right out. This new discovery called "Corn Fly" excites the white blood corpuscles to action and granulates the corn at its root so that it drops out and leaves no trace of scar or soreness.

You will also find "Corn Fly Foot Bath Powder" a boon for sore, tired or perspiring feet.

"Corn Fly" for corns, 35c. "Corn Fly Foot Bath Powder" 25c. and "Corn Fly Bunion Remedy" 50c. (all three \$1.10 value—for \$1.00), are sold under a positive money-back guarantee by Hi-Gene Co., Newark, N. J., or local druggist.

YACHT RACE TO BAPTIST FIVE BE HELD IN JUNE IN TIE FOR 1ST PLACE

SAN FRANCISCO, Jan. 21.—(UP)—For the second time in the history of yachting, six co-sailing yachts will beat their way out of the division of the Y. M. C. A. Church San Francisco bay this June in the start of a 4000 mile ocean race to Tahiti.

Starting time for the race, held only once before in 1925, will be sometime between June 1 and 10. It became known today following a conference of skippers who commanded yachts in the first race. Three trim, white-sailed craft, that participated in the first special race, will be among the six daring yachts to line up at the start of the race.

Six Entered

They are Mark Fontana's big Ketch, Shawnee; John C. Piver's schooner, Eloise, and Dr. E. R. Parker's schooner, Idalia.

L. A. Norris, winner in 1925 with his craft Mariner, will enter his present schooner, Navigator.

These four yachts, all San Francisco bay craft and at least one other northern California vessel, yachtsmen said.

Famous Ships

The other vessel from this section will be a yacht, as yet unnamed, to be entered by Cyril Robin. His racing yawl, Galatea, is the craft on which Mr. Frederick Moody, Jr., the former Helen Willis, honeymooned.

Another promised entry is the internationally known Poinsetta, owned by Walter Horn. The Poinsetta was formerly the private racing yawl of the Crown Prince of Germany.

The Poinsetta, a southern boat, is now in a San Francisco bay shipyard being overhauled for the race.

Route Told

The event will take the fleet direct to Papeete on the Island of Tahiti in the South Sea Society Islands.

In the 1925 race, Norris' Mariner was days ahead of her rivals, finishing the long voyage in 21 days, 11 1/2 hours. The Idalia took 27 days, 21 1/4 hours, the Shawnee, 28 days, 9 1/2 hours and the Eloise took 29 days 19 hours.

O. DUTRA LEADS PRIZE GOLF PLAY

DUTRA sports

AGUA CALIENTE, Mexico, Jan. 21.—UP—A young golf professional from Los Angeles, Olin Dutra found conditions to his liking today and celebrated the fact by taking the leadership in the \$25,000 open tournament at the Mexican pleasure resort.

Dutra shot a 72 for his second 18 holes, which gave him a total of 146 for the 36 holes played so far and placed him just about a nose ahead of some of the best linksmen in the world.

Following Dutra with totals of 147 were Horton Smith, Joplin, Mo., and Charlie Guest, veteran professional from Los Angeles. Behind Smith and Guest came six other stalwarts just two strokes behind Dutra by virtue of 148 totals.

Three Tied

Those pressing the first three with a collective ownership of third place are Gene Sarazen, New York; MacDonald Smith, Great Neck, L. I.; Al Espinosa, Chicago; Ed. Dudley, Wilmington, Del.; Al Watrous, Detroit and Mortie Dutra, Olin's brother from Tacoma, Wash.

Today's round marked the second day of the elimination play and the field was cut to 53 professionals and six amateurs who will play 18 holes Wednesday and the same number Thursday to determine the winners of the \$10,000 capital prize and other money awards which classes the first annual Agua Caliente Open as the richest tournament ever offered to the golfing world.

Johnny Farrell, New York, professional, was conceded a good chance to pull up during the remaining rounds as he was classed at 149 due to a snappy 73 today. George Von Elm, Detroit amateur, was rated with Farrell. He made a 74 yesterday and a 75 today.

Good Play

Three players were tied in the 150 class, a division not yet out of range of first place. They are Harold Long, Denver, Colo.; Joe Kirkwood, trick shot artist from Philadelphia, and Leo Diegel, professional for the fashionable club where the tournament is being held.

While some great golf took place as the leaders battled for position, par stood unmoved during the second day of play. Olin Dutra came close when he made the 72 which placed him ahead, but fell one stroke short.

Dutra Good

Ed. Dudley, who led the first round cracked up with a bad 77 and MacDonald Smith supporters gave a big cheer when the Scotchman's name went up. The echo hardly died away before Horton Smith forged ahead. He kept in front until Charlie Guest came in and shared the coveted berth.

It looked like a Smith-Dutra tie for first honors until Dutra and his threesome came over a hill and started for the last green. The news got out that Olin had a chance to topple the leaders and there was a large gallery on hand as he putted out.

Dutra is one of the most consistent winners of the winter season in the southern California vicinity. He generally is up around the first half dozen and recently tied with Joe Kirkwood for first place in the Long Beach Open.

LOCAL CAGERS DEFEATED BY ALAMEDA

The Varsity warriors of Richmond Union high school suffered defeat at the hands of the Alameda high school quintet by a score of 18 to 25 yesterday in the local high school gymnasium. The Richmond Union high school B squad lost to the Alamedans by a 22 to 11 score.

Plain "fight" characterized yesterday's varsity clash, and that intangible thing called "school spirit" raged at fever heat. The score board read 7 to 7 at the end of the first quarter, but Alameda was on the leaders' end of a 16 to 9 score at the half time. Alameda maintained its fast pace during the next quarter, and the Alamedans were again leading 22 to 13 at the end of the third period. Richmond came back strong in the last quarter, and seriously threatened Alameda's territory. However, they were not able to retrieve their lost margin, and the score stood 25 to 18 at the final whistle.

The Richmond B's did not seem able to "find themselves" in yesterday's battle with Alameda. The Island city aggregation started off in whirlwind fashion by reaping eight points during the first half, while the local athletes were unable to make a single point during the first two quarters. However, Richmond commenced a strong attack on Alameda's backboard in the last half, and showed some of the speed produced by them in their contest with Hayward Friday night.

First Game

Richmond Varsity—(18)—Marcos, f. Viano, f. forwards; Parsons, c. center; Degan, l. Brock, guards; substitutes—Scarcella, f. Rovada, Myers, c. Randall, forwards; Masek, guard.

Alameda Varsity—(25)—Gregory, f. Rogers, f. forwards; Nizoli, c. center; Berg, c. Lorina, guards; substitutes—Lombardi, f. Larsen, guards.

Second Game

Richmond B's—(11)—Rollino, f. Boschetti, f. forwards; Wilson, c. center; San Filippo, Rogers, guards; substitutes—Snodgrass, James, forwards; Mattouchi, guard.

Alameda B's—(22)—Presco, f. Vargas, f. forwards; Lee, c. center; Wallaman, f. Vorhels, c. guards; substitutes—Peak, Saml, h. Thompson, forwards; Allen, Panches, center.

Coast League Opens Season April 8, Plan

OAKLAND, Jan. 21.—UP—The annual spring meeting of the Pacific Coast baseball league closed here today with all work completed.

The schedule for this year calling for a 28 week split season starting April 8 was approved. The club owners also agreed that the 1931 season would start April 7, deciding that pre-season games with major league teams practicing in this region should not be sacrificed for an earlier opening.

Liver, Gall Bladder and Stomach Trouble Relieved

2946 Morgan Ave. Oakland, Cal. Nov. 19, 1929.

Dear Mr. Fong—

I am writing this letter to express my gratitude for the splendid results and

benefits I have received from the use of the Chinese Herbs prepared by you.

I had a complication of Liver, Gall Bladder and Stomach

trouble, sharp, stabbing pains in the liver, right side of my abdomen.

The region of the Liver was exceedingly sore and tender, much so that even loose clothing became irritating and uncomfortable.

My stomach was also very sore to the touch and felt as if there were a lump the size of an egg in it. After meals, food which was very sour and burned the throat, was returned to the mouth.

This condition steadily became worse over a period of a year. During this time, I was treated by two doctors without any appreciable results. Both decided that an operation was necessary.

By good fortune, I came into contact with a man whom you had treated successfully for an Ulcerated Stomach, and he strongly urged me to take your treatment. This I did.

Results were noticeable the very first week, and now, after six weeks, I am entirely free from the terrible stabbing pains and the soreness over my Liver. My digestion is good. The old feeling of lassitude has completely disappeared and I feel much brighter and more energetic than I have for years.

I am most happy to strongly recommend the herbs of the Fong Wan Herb Co. as prepared by you.

Wishing you unbounded success and again thanking you for what you have done for me, I am,

Very cordially yours,

UPON RECEIPT OF POSTAGE WE WILL MAIL YOU A BOOK ON HERBS (10c within the first zone or 3c for more distant zones).

(Continued from page one)

are now felonies, and which would be classified as "slight or casual" are as follows:

Possession single sales, small manufacturers of liquor, where only one person is employed, transportation of small amounts of liquor, and assisting in transporting.

Chairman Christopherson of the sub-committee introduced two bills to carry out this project.

The anti-prohibition forces won a victory, too, when a House and a Senate committee announced open hearings would be held on another Hoover-Wickersham proposal to transfer prohibition enforcement from the Treasury to the Justice department. The wets have been demanding hearings for some time, unsuccessfully.

Mellon To Appear
Secretary Mellon is to appear Wednesday before the House executive department expenditures committee on this proposal, and tomorrow or Thursday before the King sub-committee of the Senate judiciary committee.

Chairman Wickersham and Dean Roscoe Pound both have been called before the King committee, and Attorney General Mitchell also had been summoned. The King committee is expected to question them at length on the entire scope of their program.

Chairman Williamson of the House committee has already introduced a bill for the transfer, which would create a new prohibition commissioner at \$9000 a year, and give the Justice department supervision over issuance of industrial alcohol permits although leaving permit issuance under the treasury.

Wets Seek Repeat
Rep. Laguardia, Rep. N. Y., for the wets, announced himself for out-and-out repeal of prohibition. He said he resented Prohibition Commissioner Doran's charge that the wets' speeches were "inflammatory."

Rep. Fitzpatrick, Dem. N. Y., added another to the stack of modification bills which are gathering dust in the Judiciary committee's files. His would allow beer, ale, porter, wine and stout, or up to 10 percent alcoholic content.

optimism among most delegates tonight.

L. Ward Bannister, representing the city of Denver as special counsel at the conference, said he was confident the meeting would end successfully. He said he believed Secretary Wilbur did not fully appreciate the intensity of the controversy between the lower basin states and that the public in general had failed to appreciate the great responsibility that rests on the shoulders of the secretary.

Governor Balzar of Nevada said he hoped the conference would be entirely successful.

Agreement Seen
"I believe there is an opportunity for California, Arizona and Nevada to reach an agreement," Francis C. Wilson of New Mexico, temporary chairman, said.

The delegates were occupied today with hotel room conferences and nothing was done officially.

There was a sentiment that Secretary Wilbur had gone to Palo Alto, from Washington to be near the conference in case Donovan needs his opinions on any questions but would not come here unless he was needed badly.

Flag Etiquette Problem Before County Fathers

(Continued from Page 1)

Operation of a new state law requiring an American flag to be displayed on or near each polling station at each election, has placed Contra Costa county officials in a quandary.

According to the interpretation of the law, the flag is required to fly during the entire time the polls are open. This rule conflicts with military regulations covering the use of the flag, and war veterans believe the military rules should be observed.

The flag should be raised at dawn and lowered at sunset, under the standard code of flag etiquette but it was pointed out that at many elections the polls would remain open after sunset.

It is also specified in the flag code, that only storm flags should be flown during rainy weather.

While procuring flags for the polling places, the county has provided only the standard flag and no provision has been made for storm flags.

The issue is further complicated in Richmond, by the fact that the city has adopted an ordinance requiring observance of the flag code of etiquette.

County officials are therefore faced by the problem of obeying the state law by having the flag fly until the polling places are closed, and the city ordinance, by furling the flag at sunset.

3 Recovering From Fumes Of Ammonia Break
Dr. Francis Kent, his nurse, Miss Ruth McKenzie and Dr. C. J. Farlinger, narrowly escaping asphyxiation Monday from ammonia fumes were still feeling the effects of the gas yesterday.

Miss McKenzie is confined to her home at Hercules and is under the care of Dr. L. Hedges.

Both Dr. Kent and Dr. Farlinger were at their offices yesterday although still feeling the effects of the fumes.

Capt. Roy A. Wells of the Richmond fire department, whose gas mask failed to operate when he entered the doctors' offices, was on duty yesterday suffering no serious effects.

Employees of the McMarr store, where the pipes burst stated they believed the accident occurred when workmen were repairing the pipes.

NAVY PARLEY OPENED AT LONDON

(Continued from Page 1)

ference may be summarized as follows:

First—Halt competitive building of warships.

Second—Achieve economy in naval expenditures.

Third—Draw up a short-term agreement subject to revision in a few years.

Competition Scored
The speeches chiefly emphasized the need of stopping further naval competition. Reduction of present fleets was mentioned, but not so often stressed as limitation by itself.

The first paragraph of the king's speech defined the object of the conference as "eliminating the evil results of wasteful competition."

Premier J. Ramsay MacDonald likewise said the world demands an agreement halting competition.

Premier Andre Tardieu of France referred to the "limited task" of the conference, paving the way for a general League of Nations disarmament conference.

Secretary of State Henry L. Stimson of the United States said he hoped the increased feeling of security sought through the present conference would result in a "more drastic" reduction in the future.

Adjournment Made
Whereas a few months ago statesmen held high hopes, the conference would bring a considerable reduction in fleets, only Foreign Minister Dino Grandi of Italy and Reijiro Wakaisuki emphasized that objective today.

MacDonald was chosen chairman of the conference today on Stimson's motion seconded by Tardieu, and at 1:18 p. m., little more than two hours after the conference opened, announced an adjournment until 10 a. m. Thursday.

1200 Mile Walk Cause Of Divorce
SAN FRANCISCO, Jan. 21.—According to a divorce complaint

filed here today, Mrs. Ruby Christensen was forced to walk from San Francisco to San Diego, a 1200 mile trip, by her husband on their honeymoon.

She alleges that her husband forced her to walk to Los Angeles and then to San Diego on Oct. 15, 1928, 17 days after they were married. She alleges other acts of cruelty. Christensen is a laundry worker here.

Shoe Official Dies Suddenly
SAN FRANCISCO, Jan. 21.—UP—While in conference with the manager of a local shoe store, Leroy L. Kramen, 39, of New York city, assistant personal manager of the national organization of the Regal Shoe company dropped dead.

Kramen was talking with H. E. Robinson, manager of a local branch store at 307 Market street when he collapsed. Death was due to heart failure, a coroner's investigation showed.

Dolores Cabral Funeral Held
Final rites for Dolores Cabral, two year old daughter of Mr. and Mrs. Joseph Cabral of San Pablo, were held at St. Paul's Catholic church yesterday. Interment followed in St. Joseph's cemetery. Curry's parlors handled arrangements.

Final Rites For Claude E. Moore
With Pinole lodge, Knights of Pythias officiating, funeral services for Claude E. Moore of Pinole, were held at Curry's funeral parlors yesterday. Cremation followed at the Berkeley crematory.

MORTEMOTH KILLS MOTHS
The gas from Mortemoth crystals not only protects your furniture for a long time, but contact with it kills all moths, their eggs and their dangerous larvae in furniture which is already infested.

The proper method of using Mortemoth crystals is to tie them in small sacks, and to place these sacks down in the channel of the piece, as deeply as possible, behind the cushions, so that, upon expansion, the gas will spread and fill the spring units in the back and in the bottom of the piece.

When the sacks are empty, fill them again.

County Patient Flees Hospital In Nightgown
MARTINEZ, Jan. 21.—Clad only in a nightgown, Samuel Zietz, 37, of Knightsen, journeyed out into the cold 3 a. m. weather this morning from the county hospital here and has not been seen since.

Zietz has been under observation at the hospital the past few days for a mental disorder.

His absence was not noticed until about an hour after he left his bed, when the attending nurse made a visit to his ward. She had been in about 2:30 and her last trip was at 4 o'clock.

Zietz' shoes and clothes which had been kept in another part of the ward, were untouched, and no other clothing was missing.

DOBBSIE SIGNS NEW CONTRACT FOR RADIO

On March 15, 1930, Hugh Barrett Dobbs will become the county's highest salaried radio entertainer.

"Dobbsie" as he is familiarly known to millions of western radio listeners, has just signed a three year contract with the Shell Oil company to broadcast exclusively for them. For the last four and one half years "Dobbsie" has been identified with station KPO. During that period he has built up an almost unbelievable following and recently his broadcasts were extended over the Pacific network of the National Broadcasting company.

Dobbs has received over a million letters from his radio followers all of them expressing sincere appreciation for his work before the microphone.

In the future he will devote his entire time to the Shell broadcasts, receiving for his efforts over the three year period called for in his contract more than a quarter of a million dollars.

W. N. Friend To Address Kiwanis Club

William Nat Friend of Oakland will be the principal speaker at a meeting of the Kiwanis club in the Hotel Carquinez today. Theodore Madson, vice-principal of the Richmond Union high school, will be chairman of the day.

Ladies Night will be held by the Kiwanis on Jan. 29. The affair will be held at Mammy's Place, and wives of the members are to be present.

The local Kiwanis club has accepted an invitation to accompany the Rotary club on its trip to the Ford plant in San Francisco Friday.

The Spirit of the West

It is traditional of the West that men are judged for what they are... not for their history or ancestry.

Western institutions are measured by the same standard. Sixty-nine years of banking mean little unless that experience is available in a form readily adaptable to the solution of today's problems.

The facilities of the Bank of America have advanced a step ahead of the demands placed upon them. Today we are planning and building for tomorrow. Experience teaches us how to plan and build.

Forward-looking, progressive men and women find here a service in keeping with their requirements.

They find foresight which is the outgrowth of long contact with California business problems. Here, too, they find strength which has grown through the years...

firm strength on which they can base their own future achievements.
